COVID19 UPDATE

PLEASE HELP KEEP OUR WORK PLACE SAFE

Please know Meat at Billy's is taking the recent updates to the **COVID19** situation extremely seriously. As it has been from the beginning, our priority is the health & safety of our staff & customers.

Internal procedures are assessed on daily basis. Staff have been placed on higher alert and increased cleaning & sanitising operations remain.

All three of our **Meat at Billy's** entities - Ashgrove, Rosalie & Stafford Head Office are currently operating completely separate from each other. There is no contact between staff from another location.

In store customers are requested to adhere strictly to the existing legal requirements when visiting our stores. Please do not enter the stores if you are feeling unwell or have any of the known symptoms. Cashless payments are preferred.

Home delivery customers can still expect a completely contactless delivery. Please be aware that we are already seeing an increase in the number of home delivery orders being placed. Please order in advance to ensure your preferred delivery date is available.
